**Notice for 3<sup>rd</sup> Year Semester VI**

20<sup>th</sup> March, 2021

BBA Semester VI students are hereby informed that we are increasing the seat strength for the Finance specialization class to 75, without creating any precedence.

The above decision has been taken pursuant to the discussion the undersigned and all faculty members had with the students on 10<sup>th</sup> March 2021, and on the basis of the mails professing support for the increase in seats received from all students who indicated their preference for Finance, but did not feature in the earlier list of 61 students. This list has been drawn up strictly on the basis of merit, and the details for computation of marks for allotting specialization has been published on our website more than a week ago.

The revised class / section list is being published simultaneously, and the same will be in effect from 22<sup>nd</sup> March 2021.

We will not entertain any more communication in this respect. No more change will be allowed in specialization allotment hereafter.
